

## Diversity, Equity, and Inclusion Committee Charter

### Mission Statement

The Diversity, Equity, and Inclusion Committee, (DEI Committee) is a subcommittee of the Governance Council that works to maintain an active role in identifying, understanding, and administering advice about complex issues pertaining to diversity, equity, and inclusion. The committee's core values are to uphold individual civil rights pursuant to a fair, just, and equitable experience in all aspects of campus life. The objective of this committee is to establish and maintain a culturally competent environment in which model behavior is demonstrated by all members of our campus community.

### Meetings

Meetings will be held at least twice a month in the Fall and Spring semesters, although subcommittees may need to meet at different times. Every academic year, a meeting schedule will be developed and provided to the committee. Dates and times can be found on the DEI website.

Quorum is based on simple majority of voting members that are present. A simple majority of a quorum determines all voting outcomes. All members of the committee have the ability to vote. Guest of the committee may participate in the discussion but not vote.

### Definitions

The DEI Committee has adopted the following [glossary of terms](#) from the California Community College Chancellor's Office (CCCCO) to establish an understanding and *common language* around understanding the ideas and concepts relating to diversity, equity, and inclusion in order to advance the DEI Mission:

**Diversity:** The myriad of ways in which people differ, including the psychological, physical, cognitive, and social differences that occur among all individuals, such as race, ethnicity, nationality, socioeconomic status, religion, economic class, education, age, gender, sexual orientation, marital status, mental and physical ability, and learning styles. Diversity is all inclusive and supportive of the proposition that everyone and every group should be valued. It is about understanding these differences and moving beyond simple tolerance to embracing and celebrating the rich dimensions of our differences (qtd. in the CCCCCO DEI Glossary of Terms).

**Equity:** The condition under which individuals are provided the resources they need to have access to the same opportunities, as the general population. Equity accounts for systematic inequalities, meaning the distribution of resources provides more for those who need it most. Conversely equality indicates uniformity where everything is evenly distributed among people (qtd. in the CCCCCO DEI Glossary of Terms).

**Inclusion:** Authentically bringing traditionally excluded individuals and/or groups into processes, activities, and decision/policy making in a way that shares power (qtd. in the CCCCCO DEI Glossary of Terms).

Moreover, since the concepts behind DEI are complex and encompass ideas from other areas, this additional shortlist of terms, is also provided from the CCCCCO's glossary of terms to support the DEI Committee's Mission:

**Cultural Competence:** Is the ability to honor and respect the beliefs, language, interpersonal styles and behaviors of those receiving and providing services. Individuals practicing cultural competency have knowledge of the intersectionality of social identities and the multiple axes of oppression that people from different racial, ethnic, and other minoritized groups face. Individuals striving to develop cultural competence recognize that it is a dynamic, on-going process that requires a long-term commitment to learning. In the context of education, cultural competence refers to the ability to successfully teach students who come from cultures o and interpersonal awareness and sensitivities, learning specific bodies of cultural knowledge, and mastering a set of skills for effective cross-cultural teaching (qtd. in the CCCCCO DEI Glossary of Terms).

**Cultural Fluency:** Is the ability to effectively interact with people from different cultures, racial, and ethnic groups. It includes an awareness of how to properly respond to differences in communication and conflict as well as the appropriate application of respect, empathy, flexibility, patience, interests, curiosity, openness, the willingness to suspend judgement, tolerance for ambiguity, and sense of humor (qtd. in the CCCCCO DEI Glossary of Terms).

**Equality:** The condition under which every individual is treated in the same way, and is granted the same access, rights, and responsibilities, regardless of their individual differences. People who support equality believe that different circumstances and identities should not prescribe social disadvantage; therefore, equality is the elimination of this disadvantage (qtd. in the CCCCCO DEI Glossary of Terms).

## **Membership**

The Diversity, Equity, and Inclusion Committee year coincides with the Taft College academic year (August to May). The Committee will consist of members from all constituent groups at Taft College--students, faculty, classified staff, and administration—with optional representation from an alumnae and/or a community member. Interested constituent group members should follow the College’s processes that dictate membership selection. In the event that a member cannot meet on a regular basis, the member may be asked to reconsider membership.

As the work of this committee requires an investment both in the understanding of what is meant by “diversity,” “equity,” and “inclusion,” members will receive continual training as needed. This training will generally coincide with a regular scheduled meeting.
